## Presidents note

Dear Rotarians,

As we are approaching the last month of our service activities for the Rotary Year 2019-20, many of our commitments have remained unfulfilled. One of it is our Contribution to **The Rotary Foundation** whose mission is of doing good in the world. Hence, I appeal to the club members who have not become Paul Harris Fellows yet, to become one based on the points our club has already accrued in the past. Our club will facilitate a PHF recognition to you with a credit of 500points to your name as against your contribution of \$500 to TRF. This will help TRF to fund the Global Grant Projects that will benefit needy in our community.

That apart you are also aware that our lake rejuvenation project work is happening in full swing and needs completion of desilting before monsoon sets in completely. Your co-operation to find corporate Donors for this purpose will be of great help.

- Rtn. Sanjay Krishna

## Impact of Work from home on Work Life Balance

15th May, 2020

As a series Initiated by Rotaractors of Rotaract Club of Bangalore RajMahal Vilas, our club had a joint meeting with them, in their Quarantine speaker sessions. Rtn. Rtr. Akshatha S.B talked about the Impact of Work from home on Work Life Balance. This talk was apt for the current situation as most people are working from home and sometimes it's hard to strike a balance in our work and life. It was a great, informative talk and discussion post the session.

## Mystical World of Whiskies

22nd, May, 2020

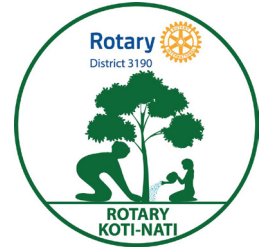

For a change in pace, we had a talk by Mr. Bobby George, who led us into the Mystical world of Whiskies. It was a wonderful explanatory talk on many aspects of the origins, differences, manufacturing and appreciation of Whiskies. It was attended by many Rotarians, their families and members from Fellowship groups as well and was widely appreciated by all those who attended. A recording of the meeting was also shared for those who could not attend.

## FACTS ABOUT ROTARY IN INDIA

Calcutta was the home town for the first Rotary club in the mainland of Asia. The new club was chartered just after three months of the first meeting on the new year day of 1920 to be exact. All the twenty charter members were non-Indians. S.C. Rudra who was the first Indian member was inducted in 1921. Today, more than 3,000 clubs operate throughout the country.

## From the Editors Desk

Undeterred by the Covid lockdown our Club activities have been going on very well. A very interesting achievement is that we added two new friends to our club during turbulent times, I welcome them to our club and thank those members who invited them to join our club. Another observation is that, our dual members are participating very well and it is a very nice feeling about this progress. I am looking forward to a fantastic June with some good rains washing away the Corona mess.
