## Presidents note

*Greetings my dear fellow Rotarians,*

*We cannot always build the future for our youth, but we can build our youth for the future. Rotary has pioneered this through it's Youth Service avenue under Rotaract and Interact modules encouraging youth Participation in service activities. Our District dedicated the month of September for Youth Service and motivated the youth even to organize a District event like Inter City General Forum and no doubt the event was a big success.*

*Our partner Rotaract clubs are enthusiastically participating in all our club supported events and eager to work towards water conservation which is prime area of focus of service this year.*

*I take this opportunity on behalf of our club to thank our Youth for partnering with us in all our service activities.*

*- Rtn. Sanjay Krishna*

This was supported by our club keeping in mind the upcoming project - *Shruti Samvaad*, a program designed to screen for preventable hearing loss. With more than 1200 participants, the event not only helped creating awareness but also bought Public Image to Rotary. Our partner Rotaractors also participated in large numbers and was a wonderful way to kick start our Youth Service month.

The RCC was in effect from 1st August, 2019, comprising of 15 local residents of Koira Village who are committed to Protect and Conserve the lake in Koira village undertaken for rejuvenation by our club. In pursuance thereof the Government of Karnataka, through Deputy Commissioner, Bangalore Rural District had accorded permission for Koira lake rejuvenation and following the same we have started the rejuvenation activities with the help of Mr. Anand Malligavad, a lake conservationist.

## From the Editors Desk

Youth service month September has been very satisfying with two unique child clubs joining our band. Sponsoring the first RCC of our club with a clear focus on lake rejuvenation is ground breaking. Looking forward for an exciting October.
