

## Club President's Message

### **Hello Fellow Rotarians!**

I am more than excited to declare that we have new members flowing into the Club. I, along with other members, believe judiciously that “the more... the merrier” and I thank some of my dear colleagues who are responsible to suggest and recommend new members to the Club. I am happy that I have executed all the planned programmes and events in time and to the gratification of members of the Club so far.

The extent and degree of the events happening in the Club is excellent and I extend my thanks to all of my colleagues who have been working day and night towards their contribution to the success of the execution. I am looking forward to the similar support and sustenance from all of my dear fellow Rotarians. I also request all the members to attend as many as membership meetings in the RMV Club which happen every Friday.

### **Great December Month !**

**Regards,**

**Rtn.Vinod Singh**  
**President 2022-23**

# Club Activities - September & October - 2022

## Celebration of Festivals & Release of Club Bulletin / 30 Sep.2022

We concluded the September and began October with Celebration of Festivals. The very first event was held that was held at our President - Rtn Vinod Singh's Residence. In the same event the club has Inducted 3 new members to our Rotary Family viz., Rtn Shruthi Jayasimha, Rtn Nanda Kishore, Rtn Ganesh Muthanna and extended and followed by lavish thanks the rtns who referred the above members. It was a festive ambience set by Rtn & Ann Vinod Singh and the members enjoyed the traditional Onam Sadhya dinner. **Released our 2nd Issue of Club Bulletin on the same Day.**

## Know About Your Fellow Rotarians / 7th Oct 2022

It was an interesting introduction session.

## Blind Cricket / 9th Oct 2022

Blind Cricket was held on 9th October 2022. Cricket Competition amongst Visually Challenged "BLIND CRICKET" at Mount Carmel College, Vasanth Nagar. Our Club is one of the supporting clubs for this event.

## World Sight Day / 9th Oct 2022

We held World Sight Day on the 13th October 2022, at Rotary House Of Friendship, Lavelle Road, Bangalore.

## 17th Installation Ceremony of Office Bearers of Rotaract Club of Presidency College for the RY 2022-23 / 14th Oct 2022

17th Installation Ceremony of Office Bearers of Rotaract Club of Presidency College for the RY 2022-23 was held on the 14th October 2022 at Seminar Hall, Presidency College, Kempapura. President Rtn. Vinod Singh installed Rtn Aayush Sanghavi as the next President.

## 7th Speaker Meet-Vinay Patil -Power of Words / 14th Oct.2022

A Wonderful session on the power of words by Mr. Vinay Patil who was articulate and conveyed his session with simplicity and conveyed it with "Josh" as he had rightfully earned the title.

## ICGF Event ( Vocational Service) / 15th Oct 2022

ICGF ( Vocational Service) at Tumkur was held on the 16th and 17th October. Our Club PP Rtn. Mahadev Dambal as District Director Vocational Service lead the ICGF programme.

# Club Activities - October & November - 2022

## 8th Speaker Meet - S.Gupta Boda / 21st Oct 2022

We had a wonderful session with the Speaker Mr Subramanya Gupta Boda - An expert in Cyber Security on 21st October 2022. Inducted 3 new members - Rtn.Subramanya Navada, Rtn.Nalini Shetty & Rtn.Sunanada Rao.

## Rotafest / 29th & 30th Oct.2022

Rotafest-"Carnivals bring out the child in everyone", the most exciting and fun-filled carnival of the year, happened on the 29th & 30th October 2022 at Dwaraka Auditorium, Ramaiah University of Applied Sciences, New Bel Road, Mathikere.

Rtn.Vinod Singh and Rtn.Yeshwant Rao represented Rotary Bangalore Rajmahal Vilas.

## Diwali Celebration/ 29th Oct 2022

It was a fun filled and most Joyce activity of Rotary Bangalore Rajmahal Vilas in the RY 2022-23 called Diwali. The event was conducted at the rooftop of the RMV Club . This was perhaps the second event where all the Rotarians gathered with their spouses and family members. It was a colorful and fun filled evening with Garba ,Dandiya , Songs etc. Special thanks to the president Rtn,Vinod Singh,Rtn.Vidyavthi Sagar, Newly inducted member Rtn.Sunanada Rao and team for the lovely songs which made the evening more beautiful.

## Cycle Day/ 30th Oct 2022

Participated in Cycle Day - Organised by Rotary Bengaluru HSR in partnership with DULT&HSR Cyclists

## Jagachitra-RAGAMS-MSSI Event / 11th Nov 2022

## 9th Speaker Meet-Debabrata Dutta / 11th Nov.2022

On 11-11-22 ,we had Mr.Debabratta Dutta , a man of many talents speaking about Oxygen Advantage for a Rotarians to be healthy.

It was a interactive program with all the members testing their breath hold capacity & a intro session on Tai Chi.

## Club Assembly / 18th Nov.2022

Our Club Assembly was held on the 18th Nov. The following are the projects submitted by elide organizations.

1. Amara Soundarya Foundation
2. Samvaad Foundation
3. Human Milk Bank
4. Amendment to bylaws for specific need
5. Club Subscription
6. Singer tailoring unit.

We Thank Rtn Kirti Mehta, Rtn Sundar Prakash and PST led by President Rtn Vinod Singh.

## 6th Installation -Rotract Club Of Bangalore Rajmahal Vilas/ 19th Nov. 2022

Rtr.Akash Chanani has been installed by our President Rtn.Vinod Singh as the President of Rotract Club of Bangalore Rajmahal Vilas. The picture reveal the Installation program at Rotary House of Friendship, Lavelle Road in the presence RID 3190 District Rotract Representative Joseph Wilson.

## The Fallen Flowers

The Fallen Flowers - The real ones standing just next to you .

The fallen flowers are the most beautiful and treasured because the power up has showered them for you as a blessing. Treasure them for very few are blessed with " Fallen flowers " .

Reflect in life when was the last time you picked up the fallen flowers as though it is an analogy I felt a huge connect here.

I agree even with the inspiration of others, it's understandable that we sometimes think the world's problems are so big that we can do little to help.

But even if on our own, we cannot end wars or wipe out injustice, a cumulative impact of thousands of small acts of goodness can be bigger than we imagine.

Remember TO HELP

"Help" - Heal everyone lovingly and passionately.

It's a currency that we all possess in abundance but fail to use it in the right way .

Help leads to amazing blessings and deep lifelong connections.

Help leads you through the doors of success .

Help leads you to navigate your stormy oceans with resilience.

(Be genuine , be non - judgmental, be free from the opinions of others and follow your wisdom knowledge - people will brainwash you and try to create barriers between 2 healthy relationships and try to break connections with like minded people- leave them if you feel it is unhealthy)

(If you are " educated " - think why the other person is instigating against you - when they no longer can control their wrongdoings they will control the people and achieve their personal motives to hide their wrongdoings to save their reputation)

### Help -

**T** hose who are less fortunate

**O** ffer what you can even a listening ear helps.

**H** ard times hit all of us at some point

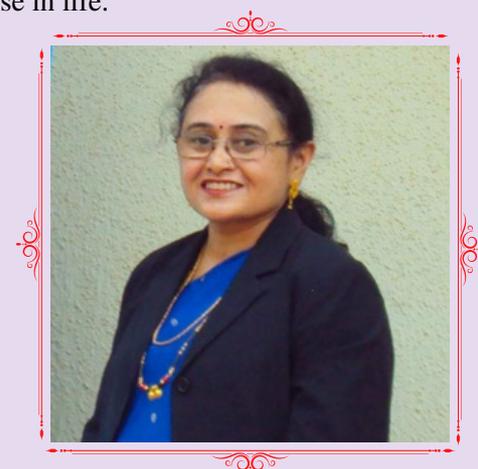

**E** njoy your good fortune as we also ease someone's pain

**L** ets create a ripple of support

**P** ause to help & make this world a better place!".

The irony of life is we serve the dead with sweet bouquets, instead of caring for them while they are still alive

Let's go ahead in life and pick up the fallen flowers and help them in fulfilling their purpose in life.

Rtn. Jyothsana Gururaj.S

Chair- Basic Education and Literacy/TEACH.

# SERVICE ACTIVITIES -September & October 2022

## Avoidable Blindness Project-5 / Sept. 30 th 2022

Under Avoidable Blindness lead by Rtn Usha and Rtn Sundar 4 cataract surgeries were performed and provided glasses during Sept. 3 of the beneficiaries are from Friend in Need (old age home) and 1 referred by our PHC Dr. Usha.

All these cataract surgeries are done at Nethra Eye Hospital

## Beautification & Maintenance of the park inside the Sanjaynagar Police Station compound / 30th Sept.2022

At the behest of Sanjaynagar Police Station & Mr.Vigyan Gowda, our club is undertaking the beautification & maintenance of the park inside the Sanjaynagar Police Station compound.

**Total Number Of Covid Vaccines administered in the Month Of September - 1680 nos.**

## Sanjaynagar Police Station Garden Inauguration / 1st Oct.2022

Sanjaynagar Police Station Garden Beautification & Maintenance activity Inauguration was held on the 1st Oct 2022.

## Job Fair and Career Expo / 6th Oct.2022

GETLECT, connecting education and enterprises job fair was organised at Jananabharathi campus. Our club was one of the host. Club led by our Dir Vocational Service Rtn Col Mallikarjun along with 5 other clubs. The event was successfully held with 36 corporates and 555 students participated.

## DULT-SuMa-Sutta Mutta Event / 15th Oct.2022

Sutta Mutta SuMa DULT was a very well participated event held at Ramgopal Narayan School. Thanks to our Community Service Director Rtn.Deepa Padmanabhan and the entire team of Rotarians who worked tirelessly to successfully complete the event leading us now to the next phase of SuMa DULT project execution. President Vinodji and our own SuMa DULT Chairman Rtn.Bharath Asuri, thank you for blessing the event along with the DULT officials. Children of Ward 18&19 took active part in all the categories of the competition, the highlight being a 3 year old boy dressed as Gandhiji in the fancy dress competition. CiFoS was represented by Mrs Lalitha Mohan and Mrs Geetha who were a big help to us during the entire event.

# SERVICE ACTIVITIES - October & November 2022

## Tailoring Center Inauguration with RB HSR / 21st Oct.2022

Our Club Vocation Services Team have formally launched the Women Empowerment - Tailoring Centre at Nagashettihalli. This project was inaugurated by Shri Krishna Raj Sharma - Founder and Director of iValue Infosolutions our CSR partner for this project on the Oct 21st 2022. This is joint project of Rotary HSR and Rajmahal Vilas. The first batch of 20 women have started their tailoring course - 4 months duration. Rtn. Pushpalatha - Director, DEI (Diversity Equity Inclusion) and Chair for this Tailoring centre anchored the event. This Skill Development Tailoring Project in areas of : 1. Donation of any kind like cloth material / job work / Tailoring accessories / etc 2. Recommending potential women for the tailoring course for the second batch from Feb 2023 3. Bring in Tailoring experts / guest lecturers / motivators to encourage the women in skill development

## Blood Donation Drive -Sanjaynagar / 28th Oct.2022

A Blood Donation Drive & Diabetic Retinopathy-Eye screening Camp on the 28th October 2022 at Vaibhav Theater and Total 26 units of blood for 52 Beneficiaries and 25 DR (Diabetic Retinopathy) eye screening were done. Thanks to Rtn Usha Medina, Sundar for the wonderful initiative also Rotarians Subrahmanya, Anupama, Anil Ganna, Sarangan, Anita and Host Organizations RCC - Indrahass Gowda ,Rajkumar Sangha , Lions Blood Bank, Nethra Eye Hospital- Dr. Manjunath and Vaibhav Theater Management. The event were organized as an Tribute to Puneet Rajkumars Remembrance.

## Blood Donation Drive-NITTE / 28th Oct.2022

Rotary Bangalore Rajmahal Vilas conducted a blood donation drive in NITTE college of architecture on the 28th October 2022 . 76 units of blood were collected for 146 beneficiaries. Thanks to Rotarians Rajaram, Sunanda Rao, Singhvi, and Nalini Shetty for their support. Special thanks to Rtn. Sandeep Yadav for sponsoring and organizing breakfast and lunch. We Thank NITTE college of architecture HOD Dr Gayatri and student volunteers Revathi and Prapul And Rotary TTK Blood bank for this Nobel initiative. Kudos to Dir Community Service Rtn Deepa Padmanabhan for steering this activity seamlessly.

**Total Number Of Covid Vaccines administered in the Month Of October 2022 - 1326 nos.**

# SERVICE ACTIVITIES - November 2022

## Cycle Distribution-Girls On Wheels / 1st Nov.2022

As part of Girls on Wheels project Rotary Rajmahal Vilas Distributed 40 cycles to Girl children in Government School in Koira , Project worth close to 1.7 lakhs. Girls on wheels donor Rtn Mahesh Aggarwal ,a Past President of our club who contributed 1 Lakh of Rupees last year was the chief guest. Guest of honor District Director Community service Rtn Bala, District directors Women Empowerment Rtn. Nisha Bellare and Rtn. Nishu, Girls on wheels chair Rtn Shankar Subramanian, GoW coordinator Rtn. Biju Gangadhar ,our President Rtn Vinod Singh. MC for the event PP Rtn. Sanjay Krishna. The event was attended by school principal, staff and all students. Panchayat members, RCC Arkavathy members and about 16 Rotarians.Kudos to Rtn Deepa Padmanabhan and Rtn Sundar Prakash for planning the event.

## Avoidable Blind Project 7 -World Sight Day & Blind Folded Walk / 6th Nov.2022

As part of the Blind Walk initiative "The Walkie Talkie show" in collaboration with Netra Eye Hospital our club took the lead and with active participation concluded the event successfully. Our club was represented by our President Rtn Vinod Singh and 15 Rotarians. There were more than 50 people who participated and supported the Blind Walk held at Sanjaynagar. Retractors from RIMS volunteered for the walk and controlling the crowd was commendable. The walk was followed by 45 minutes of talk on Eye Awareness Safety and inauguration of our Diabetes Retinopathy Fundus Camera.. 27 free eye screening using Rotary sponsored Diabetes Retinopathy Fundus Camera also was conducted. Ms Deepthi daughter of our Rotarians Padmanabha Rao and Shashikala sponsored the Breakfast.Kudos to Rtn Usha and Sundar Prakash for their energetic support as part of our club's Avoidable Blindness project .

## Diabetic Retinopathy Screening Camp / 14th Nov.2022

Rotary Rajmahal Vilas conducted a diabetic retinopathy screening in association with Nethra eye hospital using the club funded machine on the Nov. 14th, World Diabetes Day. 37 people registered for the screening. We also had a talk on eye care by Dr. Manjunath of Nethra eye hospital, nutrition care by Dr. Trupthi and heartfulness meditation by members of the Heartfulness Foundation, Sanjaynagar. We thank President Rtn Vinod Singh, Rtn Subramanian, Nanda Kishore, Usha Medina, Rajaram, Kirti Mehta , Anita Shah, Eshwaran, and Dr. Belagavi for their support.

# SERVICE ACTIVITIES - November 2022

## Wheel Chair Distribution /16th Nov.2022

Rotary Rajmahal Vilasdonated 31 Wheelchairs of which 18 wheelchairs to beneficiaries of Ananya Trust, 5 to beneficiaries of Sparsha Trust and 8 wheelchairs to beneficiaries of Sumangali Seva Trust. One bicycle left over from the Dult-SuMA program was donated to a beneficiary of Sparsha Trust, Ms. Pooja, a migrant child studying in 6th grade. We thank the executive members of Rajmahal Welfare Society who presided over the event, RMV Club and Rotarians including our President Rtn Vinod Singh, Rtn Kirti Mehta, Rtn Rajaram, Rtn Surendraa Singhvii, Rtn Sundar Prakash , Rtn Deepa Padmanabhan Rtn Shridhar,Our new members Rtn.Nalini Shetty, Rtn.Nandakishore, Rtn.Subramanya & Rtn.Yaswant is appreciated. The event was anchored by Rtn.Pallavi Harikrishna.

## BELRAG Inauguration Event / 19th Nov.2022

The inaugural of BELRAG commenced with Rotary District officials lighting the lamps. Children from Amara Soundarya rendered the invocation .Rtn Rashmi, Rtn Shankar and Rtn Raghu Allam spoke about the purpose of BELRAG and gave the attendees the bigger picture of the role of BELRAG at the international level. Ex-Commissioner Shri Basavaraj with 40 years of experience in the field of special education disbursed a wide range of information about NEP including raising awareness about the various facilities available to special children and the role of parents in better supporting their children. Parents asked questions and also raised genuine concerns during the Q & A session. Rtn Nirmala the founder of Amara Soundarya Foundation also addressed the gathering and outlined the journey ahead for all stakeholders in future. The session was highly interactive. Parents submitted feedback forms to express their thoughts on the day's events. The pleasant, informative three hour session came to an end with lunch. BELRAG has had an amazing start! With over 50 participants and 15 Rotarians attending the event. Kudos to the BELRAG committee members for hosting the first ever district group efficiently.

## DULT-SUMA Project / 20th Nov.2022

Rotarians at service from 10:00 pm for DULT-SUMA project phase I completion at 60 feet road , Sanjaynagar

## New Landslide Reporting Tool Uses Social Media and AI

*The tool extracts landslide information in real time, which could advance landslide research as well as disaster response.*

By Deepa Padmanaban

1 September 2022

India Water Portal/Flickr, CC BY-NC-SA 2.0

Landslide incidences have been increasing worldwide: Between 2004 and 2016, around 56,000 people were killed in nearly 5,000 distinct [events](#). The [time lag](#) between the occurrence and reporting of landslides—sometimes ranging from days to weeks—can affect emergency preparedness and disaster response.

To address this gap, a [landslide reporting](#) tool using artificial intelligence (AI) that monitors social media in near-real time has been developed by scientists at the British Geological Survey, European-Mediterranean Seismological Centre, and Qatar Computing Research

“

*“We realized that there’s information coming in real time on social media within the first few hours of a landslide. But that information isn’t getting to people in disaster response, nor to national landslide databases in a timely fashion. So we thought we would build a tool to help with that.”*

Institute. Their results were published in the [International Journal of Disaster Risk Reduction](#).

“We realized that there’s information coming in real time on social media within the first few hours of a landslide,” said [Catherine Pennington](#), a geologist at the British Geology Survey and one of the authors. But that information “isn’t getting to people in disaster response, nor to national landslide databases in a timely fashion. So we thought we would build a tool to help with that.”

### Augmenting Traditional Data Sources

The tool extracts information from Twitter through keywords such as landslide, landslip, earth slip, mudslide, rockslide, and rock fall. The algorithm then looks for an image attached to the tweet. This step eliminates a lot of noise on social media, such as tweets on landslide victories when there’s an election, Pennington explained.

The team used machine learning to train the tool to identify landslides in photographs. For this, the geologists independently carried out an assessment of 11,737 images and manually marked each one as landslide or not a landslide.

The resulting artificial intelligence tool can detect landslide reports with an accuracy of 76%. The tool is currently up and **running** and is intended to be used for disaster management, landslide research, climate change analysis, and global and national database studies.

[Jonathan Paul](#), a lecturer in Earth science at the University of London, said that “crowdsourcing data from social media certainly has potential to enhance resilience against landslide events by enriching the existing observational database.”

“The data is relatively easy to interpret,” he explained, “but tend to be qualitative (blog posts and photos), so incorporating this information could be a challenge.” Paul was not involved in the new study.

Pennington acknowledged the challenge and said that the tool does not replace satellite interpretation or specialists on the ground. Instead, she said, the tool supports these methodologies. “Someone might tweet about

a landslide in monsoon or when there's an earthquake," she explained. "That could be used as a flagging system to allow the satellite data to focus on more quickly."

**Caroline Juang**, a researcher at Columbia University who was not involved in the research, agreed that the social media monitoring tool could supplement more traditional forms of data. Juang, who helped develop a citizen science [repository](#) for landslides, said that satellite data could get accurate spatial information about a landslide, for instance, but the date the landslide occurred could be missing.

"The AI," she said, "can find a social media post about a landslide the day it happened in order to augment the satellite information and also find posts about landslides too small to be seen from space."

### Sustained Need for Human Interpretation

"Social media-based monitoring can be helpful as a first step to identify landslides occurring in remote regions," said **Roxy Koll**, a climate scientist at the Indian Institute of Tropical Meteorology who was not involved in the new study. "Over time, the incidences can be quantified and studied for their links to heavy rainfall events and land use changes."

“

*"The greatest-impact projects involving social media are those that actively engage participants, by showing them how their contributions have decreased landslide risk in their immediate area."*

said, "are those that actively engage participants, by showing them how their contributions have decreased landslide risk in their immediate area."

**Some people make the world special just by being in it & They are called the Rotarians**

As climate change accelerates, extreme rainfall and landslide events are increasing across the globe, Koll noted, and the new tool's ability to link rainfall and land use patterns will help identify environmental hot spots that need urgent attention in terms of climate action, environmental protection, and monitoring and forecasting.

Paul said that social media allows citizens to take the lead role in this identification of environmental hot spots. "The greatest-impact projects involving social media," he

said, "are those that actively engage participants, by showing them how their contributions

have decreased landslide risk in their immediate area."

A [landslide prediction](#) system in the Western Ghats in India, for instance, developed as a crowdsourced science effort using social media.

The new AI tool is still in its first iteration, and the team is inviting users to give feedback through a [form](#) provided on the site. In the future, users will be able to filter by date, country, and even district. “The most useful section is the time and the geolocation, which is a big step forward placing information on the map automatically based on information in a tweet,” Pennington explained.

Paul agreed, but added a caveat: “The variety and utility of different aspects of social media, such as geotagged photos and high-resolution videos, will only increase with time,” he said, but the data could be skewed toward regions that have a higher distribution of social media users such as cities in the Global North.

Building a landslide data set from social media will need to consider these biases, said Juang. “Despite improvements in automation, there may still be challenges and a need for human intervention for cleaning up the large data set generated from social media posts.”

Welcome

## **Hai Dear Fellow Rotarians!**

Happy to greet you! It has been a wonderful time phase of two months where lots of activities happened and many members of Rotary Rajmahal Vilas Club have participated irrespective of time and other constraints in the months of October and November of 2022. I thank all of those who recruited new members and I could see the excitement and Euphoria of being a member of RMV of Rotary. Cycle distribution to deserving girls in remote and far-flung areas is one of the worth mentioning activities carried out during this phase of ROTARY year. Some of our members are out of country and some of them are out of station. We wish all of them happy time during their travel time.

The all-inclusive President Rtn Vinod Singh has been at the helm of arranging as many meeting sessions as possible so that we meet, interact and interrelate with fellow Rotarians on most of the Fridays.

I congratulate Rtn Sabareesan who is moving into a new house this month.

I also wish Rtn Sundar Prakash to have a wonderful stay in the USA. Looking forward to meeting him and listening to his experience of his trip.

I wish to meet all the new members in our next meeting.

**Rtn.Dr SRINIVAS VASUDEV**

**Editor 2022-23**
