

Club President's Message

My dear fellow Rotarians!

After all the good wishes, I hope and pray that all of you are doing well and enjoying mask free socializing. As a Club centric President I welcome all the members to attend the Club activities as much as possible because we believe in the concept of “inclusiveness” where we interact and intermingle with fellow Rotarians and understand the distinctions of ROTARY. I sincerely believe that all the members are given equal and good mileage in the smooth functioning of the Club.

I also anticipate all the new members to participate in all of our Rotary Rajmahal Vilas Club activities frequently and experience the pleasure of being here. We believe in timing and strictly adhere to the poster time. We start at the right time and close at the designated time. That’s how ROTARY RAJMAHAL VILAS CLUB works on the foundations of sincerity, integrity, charity and veracity.

I WISH ALL OF YOU HAPPY DUSSERA.
ROTARY IS NOT A CLUB.....IT IS A CONCEPT

Regards,

Rtn.Vinod Singh

Making Learning Fun and Enjoyable for all Students

**“The work of education is divided between the teacher and the environment.” ~
Maria Montessori**

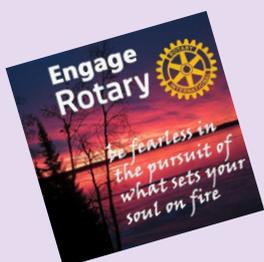

Keeping students engaged and motivated can be a challenge, even for the best teachers. It's easy to teach the same lessons year after year simply because they have worked in the past, without giving much thought to students' current interest level. But even the strongest curriculum still needs some variety once in a while to make learning fun.

Here are few strategies that can assist teachers and students with this process to make learning fun.

Ø Engage all kinds of intelligences – Educators need to remember that all students are not capable of learning via the same medium. Once teachers have uncovered the learning styles of their students for e.g. visual, audio or kinesthetics learners they can create hands-on activities which encourages the students to learn and create an enjoyable learning experience.

Ø Encourage Interaction - When students are learning, it can be much more fun and engaging for them to work with a classmate. Look for ways for students to work with each other in the classroom. Think-pair-share activities are a great method.

Ø Host Some Friendly Competition - - Whenever you can add some movement to a lesson, make it happen — it'll make things livelier and more exciting for everyone. Students have fun playing games. And sometimes, they don't even realize that they're learning because a game is so amusing!

SHOWCASE

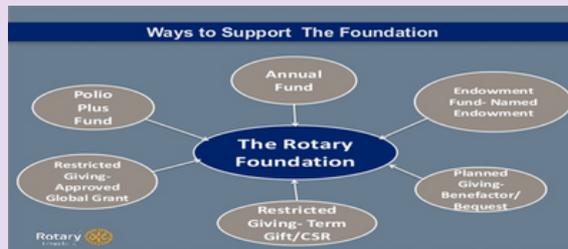

The father of the Rotary Foundation - Rtn. Arch Klumph's idea for an endowment fund dedicated to "doing good in the world" planted the seed of The Rotary Foundation in 1917. Thanks to his vision and staunch advocacy, and the extraordinary generosity of Rotary members and Philanthropists worldwide, that fund has become one of the world's leading humanitarian foundations.

To date, TRF has spent more than US\$ 4 billion on life-changing, sustainable projects across the world on the 7 focus areas as mentioned in the figure below.

Until recently Rotary India was the major receivers of the TRF contributions, but in an reversal, Rotary India has now become net contributor and top 3 donors in the world to the TRF.

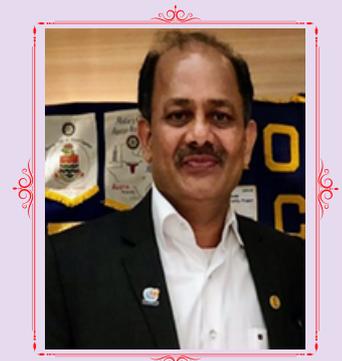

Our club was chartered in 1996 and during the last 25 years+ our members contribution to the TRF exceeds U\$ 107,147 and it is 100% giving club to the foundation (congratulations to all the members for your contribution of U\$26.50 every year). In our club we have till date,4 Major Donors (Rtn. Kriti Mehta, Rtn. Usha & Shankar, Rtn. Rajaram and Rtn. Sundar Prakash), 24 PHF, 1 PHS, 3 EPF & 1 EF.

The Rotary Foundation transforms your gifts into service projects that change lives both close to home and around the world.

For more information and contributions to TRF, please get in touch with Rtn. Sunder Prakash, Chair for TRF. All contributions are eligible for 80-G income tax deductions.

Rtn. Sunder Prakash
Director, The Rotary Foundation

Welcome

Editor's Note

Wish you all Happy festive Times!

I am glad to see our bulletin with a new facelift and informative for the new members. I profusely thank Rtn Sundar Prakash for sharing the information on TRF (The Rotary Foundation) at a short notice. I also thank Rtn Mahadev Dambal for his article on IMAGINE ROTARY theme for the year 2022-23. While these articles furnish information about different modules of ROTARY Rtn Jyotsna Gururaj's article on the Learning Process by title "Making Learning Fun and Enjoyable", an article useful for teachers and young parents of our Club. I would like to thank for her efforts not only in contributing this piece of writing but also in her constant endeavour as the Chair of Basic Education and Literacy of Rajmahal Vilas Rotary Club.

I invite more articles from our members on any topic/area which make the bulletin more than just a bulletin. All of our efforts are to make the bulletin an interesting magazine not simply a Photo album. We would like our members to download or print the bulletin to read and enjoy.

Once again I wish all of fellow Rotarians a HAPPY VIJAYADASAMI.
